Request for Offers (RFO) For Technology Services Issued By

Office of MN.IT Services @ the Department of Public Safety/Bureau of Criminal Apprehension

Project Title: Criminal History System (CHS) Replacement Project

Category: Project Management

Business Need

The Criminal History System Replacement Project is underway to improve the criminal history business processes and to take advantage of the features available in current systems. The project will replace current databases, current automated processing, and current manual processes related to criminal history with a new set of systems, services and capabilities to increase automation and reduce the amount of effort required to create and maintain accurate criminal history records.

A majority of the development work is being performed under contract by a team working off-site. The BCA requires professional services ready to work in an Agile environment and lead multiple sub-teams. The resource must be able to facilitate agile teams in the role of Scrum Master, as well as perform project management responsibilities of release planning, tracking progress, status reporting, and issue resolution. This project manager will work with another BCA project manager, with like responsibilities for several other sub-teams, to coordinate team dependencies, release planning, and issue resolution. Both project managers report up to a BCA Program Manager. The project managers will take their work direction from the BCA Program Manager.

Project Milestones and Schedule

- Anticipated Contract Start Date: As soon as possible
- Sprint Schedule: Sprints are 4 weeks long; 13 sprints in a calendar year
- Anticipated End Date: April 15, 2019.
- The State will retain the option to extend the work orders in increments determined by the State.

Project Environment

The Criminal History System is being delivered under a contract with The Boeing Company out of their offices in Herndon, VA. The BCA is responsible to define the business processes and requirements and Boeing is responsible for development of the customizations of their product. The contractor selected for this position will work as part of an integrated development team with Boeing staff, BCA staff, and other BCA contractors.

SITE RFO Template

Updated 2/17

The CHS Project has approximately 30 team members, divided almost equally between a contracted off-site development vendor (Boeing) and onsite BCA/MN.IT staff. The BCA team includes both fulltime staff and contracted resources. The team consists of project managers, business analysts, developers, QA testers, technical writers and subject matter experts. The internal project leads and project managers oversee all project goals and deliverables and provide oversight to the work of contracted resources. The project is managed using Agile/Scrum methodology.

Project Requirements

The following requirements apply to this project:

- All agency policies and procedures apply to both employees and contracted staff.
- BCA Project Management Office (PMO) standards and templates must be used on the project.
- All documentation and communication with the project team and stakeholders is expected to be clear and concise.
- Enterprise and BCA technology standards must be followed.
- The project is managed using agile methodology.

Travel either in-state or out-of-state may be necessary during the term of this contract. The State will provide advance notice and pay for the travel and subsistence expenses as provided in the current "Commissioner's Plan" established by the Commissioner of Minnesota Management and Budget.

Responsibilities Expected of the Selected Vendor

The BCA operates in a secure environment. The successful candidate will be required to pass a background investigation. The contractor is responsible for the costs of the background investigation performed by BCA. The cost of the investigation is \$32.00 for the background check and an additional \$10 if fingerprints are taken at the State.

The resource selected must provide services on site at the BCA's Headquarters, 1430 Maryland Avenue East, St. Paul, Minnesota, or at the site of Boeing Company. This is a fulltime, 40 hours/week position except for State holidays. (Approved exceptions will be factored in the payment approval process).

Mandatory Qualifications

To be initially scored as pass/fail. Thereafter, proposals, where the resource meets the Mandatory Qualifications, will be scored in part on the extent to which the resource exceeds these mandatory minimums. See RFO Evaluation Process, below.

1. Vendor must propose an hourly rate at or below vendor's Max Hourly Rate for the category.
2. Five years of lead Information Technology (IT) project management experience
3. Three years of total experience on three or more projects where the primary deliverable was integration with other systems.

4. Three years experience leading multiple delivery teams on software development projects using an Agile/Scrum methodology.

Desired Skills

1. Project Management Professional (PMP) Certification
2. Experience as a Scrum Master
3. Experience working with Rally and/or Rational Team Concert (RTC)
4. Experience working with criminal justice systems

General Requirements

Proposal Contents

By submission of a proposal, Responder warrants that the information provided is true, correct and reliable for purposes of evaluation for potential award of this work order. The submission of inaccurate or misleading information may be grounds for disqualification from the award as well as subject the responder to suspension or debarment proceedings as well as other remedies available by law.

Liability

Indemnification

In the performance of this contract by Contractor, or Contractor's agents or employees, the contractor

must indemnify, save, and hold harmless the State, its agents, and employees, from any claims or causes of action, including attorney's fees incurred by the state, to the extent caused by Contractor's:

- 1) Intentional, willful, or negligent acts or omissions; or
- 2) Actions that give rise to strict liability; or
- 3) Breach of contract or warranty.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the State's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the State's failure to fulfill its obligation under this contract

Disposition of Responses

All materials submitted in response to this RFO will become property of the State and will become public record in accordance with Minnesota Statutes, section 13.591, after the evaluation process is completed. Pursuant to the statute, completion of the evaluation process occurs when the government entity has completed negotiating the contract with the selected vendor. If the Responder submits information in response to this RFO that it believes to be trade secret materials, as defined by the Minnesota Government Data Practices Act, Minn. Stat. § 13.37, the Responder must: clearly mark all trade secret materials in its response at the time the response is submitted, include a statement with its response justifying the trade secret designation for each item, and defend any action seeking release of the materials it believes to be trade secret, and indemnify and hold harmless the State, its agents and employees, from any judgments or damages awarded against the State in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the State's award of a contract. In submitting a response to this RFO, the Responder agrees that this indemnification survives as long as the trade secret materials are in possession of the State.

The State will not consider the prices submitted by the Responder to be proprietary or trade secret materials.

Conflicts of Interest

Responder must provide a list of all entities with which it has relationships that create, or appear to create, a conflict of interest with the work that is contemplated in this request for proposals. The list should indicate the name of the entity, the relationship, and a discussion of the conflict.

The responder warrants that, to the best of its knowledge and belief, and except as otherwise disclosed, there are no relevant facts or circumstances which could give rise to organizational conflicts of interest. An organizational conflict of interest exists when, because of existing or planned activities or because of relationships with other persons, a vendor is unable or potentially unable to render impartial assistance or advice to the State, or the vendor's objectivity in performing the contract work is or might be otherwise impaired, or the vendor has an unfair competitive advantage. The responder agrees that, if after award, an organizational conflict of interest is discovered, an immediate and full disclosure in writing must be made to the Assistant Director of the Department of Administration's Office of State Procurement ("OSP") which must include a description of the action which the contractor has taken or proposes to take to avoid or mitigate such conflicts. If an organization conflict of interest is determined to exist, the State may, at its discretion, cancel the contract. In the event the responder was aware of an organizational conflict of interest prior to the award of the contract and did not disclose the conflict to OSP, the State may terminate the contract for default. The

provisions of this clause must be included in all subcontracts for work to be performed similar to the service provided by the prime contractor, and the terms “contract,” “contractor,” and “contracting officer” modified appropriately to preserve the State’s rights.

IT Accessibility Standards

All documents and other work products delivered by the vendor must be accessible in order to conform with the State Accessibility Standard. Information about the Standard can be found at <http://mn.gov/mnit/programs/policies/accessibility/>.

Preference to Targeted Group and Economically Disadvantaged Business and Individuals

In accordance with Minnesota Rules, part 1230.1810, subpart B and Minnesota Rules, part 1230.1830, certified Targeted Group Businesses and individuals submitting proposals as prime contractors will receive a six percent preference in the evaluation of their proposal, and certified Economically Disadvantaged Businesses and individuals submitting proposals as prime contractors will receive a six percent preference in the evaluation of their proposal. Eligible TG businesses must be currently certified by the Office of State Procurement prior to the solicitation opening date and time. For information regarding certification, contact the Office of State Procurement Helpline at 651.296.2600, or you may reach the Helpline by email at mmdhelp.line@state.mn.us. For TTY/TDD communications, contact the Helpline through the Minnesota Relay Services at 1.800.627.3529.

Veteran-Owned Small Business Preference

Unless a greater preference is applicable and allowed by law, in accordance with Minn. Stat. § 16C.16, subd. 6a, the Commissioner of Administration will award a 6% preference in the amount bid on state procurement to certified small businesses that are majority owned and operated by veterans.

A small business qualifies for the veteran-owned preference when it meets one of the following requirements. 1) The business has been certified by the Department of Administration/Office of State Procurement as being a veteran-owned or service-disabled veteran-owned small business. 2) The principal place of business is in Minnesota AND the United States Department of Veterans Affairs verifies the business as being a veteran-owned or service-disabled veteran-owned small business under Public Law 109-461 and Code of Federal Regulations, title 38, part 74 (Supported By Documentation). See Minn. Stat. § 16C.19(d).

Statutory requirements and certification must be met by the solicitation response due date and time to be awarded the preference.

Foreign Outsourcing of Work Prohibited

All services under this contract shall be performed within the borders of the United States. All storage and processing of information shall be performed within the borders of the United States. This provision also applies to work performed by subcontractors at all tiers.

Work Force Certification

For all contracts estimated to be in excess of \$100,000, responders are required to complete the Affirmative Action Certificate of Compliance and return it with the response. As required by Minnesota Rule 5000.3600, “It

is hereby agreed between the parties that Minnesota Statute § 363A.36 and Minnesota Rule 5000.3400 - 5000.3600 are incorporated into any contract between these parties based upon this specification or any modification of it. A copy of Minnesota Statute § 363A.36 and Minnesota Rule 5000.3400 - 5000.3600 are available upon request from the contracting agency.”

Equal Pay Certification

If the Response to this solicitation could be in excess of \$500,000, the Responder must obtain an Equal Pay Certificate from the Minnesota Department of Human Rights (MDHR) or claim an exemption prior to contract execution. A responder is exempt if it has not employed more than 40 full-time employees on any single working day in one state during the previous 12 months. Please contact MDHR with questions at: 651-539-1095 (metro), 1-800-657-3704 (toll free), 711 or 1-800-627-3529 (MN Relay) or at compliance.MDHR@state.mn.us.
